

CHEERADECH MAKCHAROEN

SOFTWARE ENGINEER INTERN

Phone 083-0339150 | **Email** Cheeradech.work@gmail.com | **GitHub** github.com/Cheeradech
Bangkok, Thailand

SUMMARY

Computer Science student who has practiced building three full-stack web app projects using React, Node.js, Python, FastAPI, MongoDB, and SQLite. Still learning and open to feedback, with a strong interest in growing as a developer. Looking for a Software Engineer internship to learn from experienced team members.

PROJECT EXPERIENCE

AI Voice Intelligence

2026

- Built an AI-powered web application that analyzes customer calls and generates support insights.
- Developed dashboard views for call analysis outputs, customer information, and warranty-related summaries.
- Developed AI-assisted warranty information retrieval using Retrieval-Augmented Generation (RAG).

Stock Inventory Desktop Application

2026

- Built a desktop inventory system with products, categories, brands, sales records, a dashboard, and report pages.
- Developed FastAPI REST endpoints for products, sales, categories, brands, image upload, and dashboard data.
- Implemented sales logic that automatically updates stock when sales are created or removed.

Dormitory Management Web Application

2025

- Built a full-stack dormitory management system for properties, rooms, tenants, and billing workflows.
- Created Express.js REST APIs and MongoDB/Mongoose models for rooms, tenants, meter readings, invoices, and settings.
- Implemented bulk invoice generation and export features.

EDUCATION

2023 - Present

Bachelor of Science in Computer Science

Bangkok University,
GPA: 3.43

PROFESSIONAL SKILLS

- **Programming:** HTML, CSS, JavaScript, TypeScript, Python, PHP
- **Frontend:** React, Tailwind CSS
- **Backend:** Node.js, Express.js, RESTful APIs
- **Database:** MongoDB, SQLite
- **Tools:** Docker, Postman, n8n, Git, Github
